Dear Families—

On **DATE** the **HOST ORGANIZATION** will sponsor a Memorial Day Remembrance for our veterans and students. It is both honorable and important for our children to learn about the meaning behind Memorial Day, before they head off to enjoy the holiday weekend! Attached, you will find either a Buddy Poppy or a pamphlet, “The 13 Folds of the American Flag.”

We hope you will take a moment this weekend to ask your child about what they learned at the program, or take a moment to share the 13 folds together as you take down the American flag you fly at home.

And, remember, let’s all be PATRIOTS together!

Pray for our military and those who have died

Attend a Memorial Day Parade (there are #__ in our area!)

Thank military people for their service

Remember to fly the American Flag at YOUR house

Inform your family and friends about what you learn

Organize a club to learn more about America

Think about writing a letter to a veteran or soldier

Stand when the American Flag passes by during a parade, ball game, special event or color guard and EVERYONE, except those in uniform, should face the flag with his/her right hand over the heart
